KENTUCKY CONFERENCE

Of the M. E. Church, South, Now Being Held at Nicholasville—Ministers In Favor of Union of the Methodist Churches.

Nicholasville, Ky., September 22—The Methodist Episcopal Church, South, conference in session here was entertained tonight with another talk by Dr. A. S. Steele, of Columbia, S. C., who spoke at the anniversary of the Board of Missions session on the subject of "Missions." Dr. Steele is recognized as one of the greatest preachers of any denomination in the South and it is a rare treat to those in attendance to have such an able speaker at the conference.

One of the most interesting addresses given before the conference was that of Dr. G. B. Wenton, pastor of the church at Nashville, Tenn., on "Mexico," this afternoon at 3 o'clock. Dr. Wenton was missionary to Mexico from 1888 to 1902 and recently spent a month in that turbulent country on a visit. Dr. Wenton has written a book on "Mexico Today," which is being used extensively by the mission study classes of the churches in this country.

After the report of the Board of Education and an address by Dr. J. L. Clarke, president of Kentucky Wesleyan College, a collection for the Endowment Fund of Kentucky Wesleyan College was taken by Dr. E. G. B. Mann, presiding elder of the Lexington district, and \$1,510 was subscribed. Dr. Brown of Cincinnati, who is connected with the American Bible Society, was present and introduced to conference this morning. He presented, in a short talk, the work that the organization with which he is associated is doing.

E. S. Boswell, agent of the Orphans' Home, located in Louisville, made the report of that institution. Considerable repairs have been made during the past year and the report indicated that the home was in a splendid condition and accomplishing much good.

In Dr. Clarke's address this morning he expressed the desire that the day might soon come when Methodists of this country would be one and this

expression was greeted by warm applause by the conference.

It is probable that a resolution will be introduced during tomorrow's sessions committing the conference as being either opposed to or in favor of the organic union of American Methodism, and from the tenor of the applause it is predicted that the resolution will be in favor of the union. This is a live subject all over the country in the Methodist Church at present.

Besides the regular business session in the morning, an extra session has been called for the afternoon. This move was made necessary by the large amount of work which the conference still has on hands to dispose of.

The anniversary of the Board of Church Extension will be celebrated tomorrow night and Dr. W. F. McMurry, of Louisville, will occupy the pulpit. Dr. McMurry is one of the best known and most popular speakers at the conference and his address is being looked forward to with a great deal of pleasure by the delegates and townspeople, who are attending all the open sessions in large numbers.

LARGE SHIPMENT OF CATTLE

Senator Hildreth made one of the largest shipments of cattle Monday that has been made from Robertson county, at one shipment, for several years. There were 110 head in the lot and, taken as a whole, were smooth, well conditioned cattle. They were shipped to Cincinnati.

Billy, the fox terrier, belonging to Mr. Lewis M. McCarthey, was hit by an automobile on Thursday night and killed. The dog was known to all the residents of the West End and they will regret to hear of his unfortunate end.

WILL MEET TODAY

Operators of the Central Telephone and Telegraph Co. Will Hold Their Convention in This City Today.

The operators of the Central Telephone and Telegraph Co. will hold their convention in this city today. A number of out of town visitors have already arrived and many more are expected.

In the afternoon the patrons and friends of the company are invited to go to the office of the company and inspect the new switchboard the local company has recently installed. This switchboard is very complicated and those seeing it will be impressed with the amount of work that has to be done in a telephone exchange. They will readily see that delay caused in answering a call is entirely unavoidable at times. The formal opening of the new exchange will also be held this afternoon.

In the evening a banquet to the visitors, the local operators and members of the press at the Central Hotel. A delicious menu has been arranged. Following the banquet a number of toasts have been arranged for. Hon. J. Wesley Lee will give the opening address, a welcome to the visiting operators. The response will be given by Mr. S. M. Heller of Louisville, attorney for the company. Several of the Maysville employees of the company will also give short talks, those being Miss Anna Dodson, Miss Emma T. Bendel and Miss Mary Murphy. Following the speeches the floor will be cleared and dancing will be indulged in until a late hour.

This is the first operators meeting ever held in this city and indications are that it will be successful in every way. Mr. J. J. Lynch has been instrumental in bringing the meeting here and arranging the program. Mr. Lynch is a very popular man and is a very zealous employee of the company. The meeting promises to be a very interesting one.

WILL HOLD SOCIAL

The Epworth League of the Third Street M. E. Church will hold its regular monthly business and social meeting in the church on next Monday night. An excellent program has been arranged and a sprightly number of the league paper, the League Loquacious Literary Ledger will be read. The paper this month is the largest ever gotten out and the editors promise that it will be not only the largest but the best. All members are urged to be present and a royal welcome will be extended to all visitors. The new minister will be present.

SOME SNAKE

The Mt. Olivet Tribune-Democrat vouches for this one: "C. C. Burns, the accommodating and popular mail carrier on Mt. Olivet R. R. 1, tells us he saw a monster snake several days ago on his route between Kenton town and Mt. Olivet. The reptile was killed in a patch of woodland and brought out to the pike and thrown across a fence. It was of a dark brown color and spotted, and measured over seven feet in length. Doubtless it was the largest snake seen in this section of the State in many years."

GETS PENSION

Through her attorney Mrs. Nannie McKellup Peebles of this city, Mrs. Annie E. Wallingford, widow of Miles A. Wallingford, Co. K. 55 Regiment Kentucky Infantry, has been granted widows original pension, also the accrued pension due her husband.

The Association has raised about \$165 in the two years of its existence and from the auspicious beginning it looks as if they intend to do some big things this year.
